Skill

- Front-end Development: Proficient in HTML, CSS, and JavaScript, with experience in developing responsive and visually appealing web interfaces.
- Back-end Development: Knowledge of Express.js for building server-side applications and API development.
- Programming Languages: Skilled in C, C++, and Python, with a solid foundation in algorithmic problem-solving.
- API Development and Integration: Experience in creating and integrating APIs to enhance application functionality.

Languages

- Native Hindi.
- Fluent in English (written and spoken).

Education Background

- Bachelor of Technology (B.Tech) SRM Institute of Science and Technology, Kattankulathur (SRM KTR) [SEPTEMBER, 2021] - [JUNE, 2025]
  - Major: Computer Science Engineering
  - Current CGPA: 9.54 (as of 4th semester)
- Senior Secondary Education (12th Grade) Sunbeam English School [Year of Completion: 2021]
  - Subjects: PCM (Physics, Chemistry, Mathematics) + Computer Science
- Secondary Education (10th Grade) Aditya Birla Public School [Year of Completion: 2019]
  - Academic Achievement: Ranked 4th in the school

About Me

I am a dedicated B.Tech student at SRM KTR, specializing in Computer Science Engineering. My technical proficiency includes HTML, CSS, JavaScript, Express.js, C, C++, and Python. Eager to apply my skills to create user-centric web applications and contribute to innovative projects. With experience as an event speaker and anchor, I possess effective communication and presentation skills, which complement my technical expertise.

Professional Experience

Member, Lions Club Renukoot Juniors
2016 – 2017
Actively participated as a member of the Lions Club Renukoot, focusing on projects and activities benefiting children and the community.

Vice President, JCI Renukoot Juniors
2017 - 2018
Held the position of Vice President in the Junior Chamber International (JCI) Renukoot chapter, contributing to community and youth development initiatives.

Vice Hostel Head Boy, Class 11
2019 – 2020
Elected as the Vice Hostel Head Boy during my 11th-grade year, demonstrating leadership and responsibility in a residential setting.

Event Speaker and Anchor
2019 – Present
Served as a speaker and anchor for various events, including farewell ceremonies and investiture ceremonies, showcasing effective communication and presentation skills.

Professional Attributes

- Enthusiastic about technology and innovation.
- Effective communicator with excellent presentation skills.
- Collaborative team player with a strong ability to adapt and learn.
- Capable of analyzing and solving complex problems.
- Thrives in dynamic, fast-paced environments.
- Demonstrated ability to build successful relationships.

Projects

1. SRM NEXUS
   - Addressed the challenge of organizing and streamlining the club ecosystem on our campus at SRM Institute of Science and Technology. Designed and implemented a platform that centralizes and organizes clubs, making it easier for students to discover and join clubs of their choice.
2. SRM EXPLORE
   - Developed a solution to assist students in navigating our campus efficiently. This project tackled the problem of locating buildings and facilities within the campus, simplifying the campus exploration experience.
3. Fingerprint Scanner for ATM
   - Contributed to enhancing security in ATM transactions by implementing a fingerprint scanner as an additional layer of verification. This project aimed to improve the safety and authentication process for ATM users.
